SORT THE MATERIALS

Please sort all magazines.

Miscellaneous magazines can be sorted, each by its own title, regardless of date.

All Sunday school (and anything used in a classroom setting) should be sorted by age groups and quarters.

In other words, sort it as if you were giving it to a teacher in your church.

Bundle each kind with rubber bands.

We apologize if this seems to be asking too much of you, but we presently have over 100,000 pounds of literature that must be sorted before it can be used, so we feel we simply must ask for your help.

Resource kits (teaching kits) –

- Fasten the resource kits, teachers and pupils books of the same kind together.

HELP WITH THE SHIPPING COSTS

If you would like to do more than just gather your literature, we have a suggestion. If you, your church or group are able to donate one dollar a pound to ship the literature you donate, we can send the material immediately.

We have over 6,000 requests for literature that is not being filled, mainly because of the lack of funds for shipping. Your assistance is greatly needed.

DO NOT PUT MONEY IN YOUR SHIPMENTS

Please do not include your offerings with your literature shipments. We know you want us to receive your offerings, otherwise you would not be sending it. But there is too great a risk of it being lost when included with your shipments.
