

1. Pray for country coordinators for ELHM in many countries.
2. Pray that God will raise up a staff-person to coordinate the shipping of literature to people groups where only a few Christians exist. The goal is to disciple the Christians to become missionaries to reach the rest of their own people group.
3. We have been given several thousand books in German. Pray that God will open the door to the ones he wants to receive them and the shipping funds.
4. Pray for people who are seeking to gather six truck load of Christian literature: Gina, Bob, Leann, Janie, Ruby and Gayle.
5. Pray for the safe delivery of a container of literature to Romania and for the shipping funds.
6. Pray for God's contact in Latvia. We have 600,000 Latvian tracts that need to be distributed.
7. Pray for a container of Russian literature for Slavik Radchuk in the Ukraine. Last year 100,000 people ask him for Christian literature.
8. Continue to pray that God will raise up support for ELHM from individuals and churches.
9. Praise— God answered your prayers for the wife of one of our gatherers who had developed seizures. The problem was caused by medicine that the doctor had prescribed.
10. Pray for the health and safety of ELHM workers and their families

11. Continue to pray for numerous ministries in the United States who's work of shipping literature worldwide has been greatly hindered by the high cost of shipping. The most cost-effective way to ship overseas is by large ship-going containers — This is what ELHM does. Most other literature ministries are not able to do this and many people who request literature do not need this much. Pray for God to make a way for small shipments. We all know that this is in line with God's will( I John 5:14-15).
12. A brother from Pakistan is going to India to collect the literature orders we shipped there for them. There will be some logistical and financial costs. Please pray.
13. ELHM has recently sent funds for the purchase of New Testaments. Pray that they will get into the right hands and accomplish what He pleases. There are:300 to China; 600 to Haiti and 445 to Pakistan.
14. Pray that you and I may have "spiritual" eyes so we can see where God is working and how to join Him and give him glory.
15. Pray for the upcoming July Board meeting of ELHM.

16. Rajasthani Muslims of India — Pray for the spiritual growth of the national believers whom God has called to reach their own. New Muslim — friendly discipleship materials are now available. Pray for God to guide the distribution to those who will use it.

17. God answers the desires of our hearts, even if they are not verbalized. Recently I read in the IMB "prayer points" where Max Lucado's book for children called "You are Special" was given out to the Uighers of the former Soviet Union countries with great success. Because I had never seen the book, God gave me a desire to read it. In less than a week I discovered that God had already sent us several dozen copies (but they had not been unboxed at that time. God is so good.

18. In my opinion, the book "Adventures In Faith" by Manley Beasley is the best book on faith I have ever read. Recently a Pakistani believer wrote, "This book has changed my life." Pray for the translation and distribution of this book into many languages.

19. During the early years of the church the country of Armenia was considered a Christian country. Not so today. ELHM would very much like to turn that around and help the people to follow Jesus. Please pray (Eph 3:20; I John 5:14-15; etc).

20. Please continue to pray for Chris Anderson & family of Barrington, RI. He is in need of a job. He also needs prayer for some special research he is doing for ELHM.

21. Pray that love will be your greatest aim. "Most of all, let love guide your life, for then the whole church will stay together in perfect harmony."(Col. 3:14 L.B.). "Let love be your greatest aim ... "(I Cor. 14:1).

22. Pray that God will enable you to do His work His way — by faith, not in the flesh — not depending on your influence, personality, gifts, natural resources, education and experience, but under the direction and in the power of the Holy Spirit. Depending on Him as the only source of everything you need.

23. Pray, "Father, enable me to embrace the Refiners fire without complaint."

24. Pray, "Father, make me a sweet, sweet sound in your ear."

25. Mrs. Alimata Gnonli, a former muslim, is now a believer. Her family wants her to renounce her faith and has threaten her life. Pray for God's protection and courage to resist.

26. IRAQ — an indigenous ministry has identified approximately 70 smaller church fellowships that need Christian literature and resources. The ministry wants to provide each with a collection of 80 books including reference resources, commentaries and Bible –study materials for pastors and teachers. Bibles, children’s books, and general reading material would round out this mini-library. A gift of \$450 each will meet the need for resources that can educate, inspire and strengthen the faith of believers.

29. A missionary from the Ukraine writes, “Pray for our country. The government is broke. Teachers, doctors, government workers and government factories workers are not being paid. Old people can’t buy even simple food. The government buys natural gas from Russia at a very high price. (The Ukraine was once the “Bread basket” of this area, now he says), all our agriculture system has almost collapsed. We must buy even potatoes from Turkey.” Christian ministries are also greatly affected by the collapse of the economy.

30. Pray that Christians in America will have a good work ethic. Many do not. Many want to work as little as they can, and for it, get as much money and benefits as they can. This is contrary to Scripture.
